

In 1985, the **Puryear Family** founded **Bonair Winery**, “the little hobby that got out of hand.” From the original half acre planted in 1980, the winery is now surrounded by 25 acres of vinifera grapes. We also have purchased the **Morrison Vineyard** on **North Bonair Road** which boasts “old vine cabernet”—planted in 1968!

**Gail** is the winemaker. With the planting of more vineyards, he has also become the vineyard manager in order to assure the quality of grapes. **Shirley** is the winemaker’s wife, bookkeeper, tasting room manager, wine goddess ,and CEO.

We have a state-of-the-art production facility, including a separate barrel building with controlled temperature and humidity. Three hundred French and American oak barrels are used to find the perfect blend for our reserve select wines. The bottles are filled, corked, foiled, and labeled using the latest technology to assure consistent quality.

We feature premium varietal wines including buttery **Chardonnay**, **Riesling**, **Merlot**, **Cabernet Sauvignon**, and some wonderful **Bordeaux** blends. We also produce delightful fruity blends including the ever-popular **Bonnie Bonair** and **Sunset**. We are the first producers in the state of **Mead** (honey) wines.

We invite you to enjoy our European-style tasting room and grounds, including the koi pond and waterfall, the gazebo, and the goldfish-trout pond. Relax and enjoy a picnic under the grape arbor. Come and let us share with you our passion for wine and life!
